United Kingdom

Retail,
Workwear, Safety & Hygiene Equipments

MS Excel

NetSuite ERP,
NetSuite Advanced Inventory Management,
NetSuite SuiteCommerce Advanced

THE CHALLENGES

- ↳ Manual or basic Accounting
- ↳ Excel based on Inventory tracking & Planning
- ↳ Manual Order Taking using Phone & Email
- ↳ No real-time visibility on Inventory levels, Financials, Orders etc.

THE SOLUTIONS

- ✓ NetSuite ERP was implemented to automate End to End operations.
- ✓ NS Advanced Inventory Management enabled accurate & real-time inventory tracking with automatic reorder point calculation, safety stock levels & lead time for better demand planning & inventory replenishment.
- ✓ NS SuiteCommerce Advanced enabled customers to place online orders to save time in Order entry, review, approvals & Payments.
- ✓ NetSuite Built-in Analytics tool helped in real-time reporting, KPI and Dashboard.
