NetSuite Solution

NetSuite SuiteCommerce Advanced

The Challenges

- ↳ SiteBuilder had very limited capability for Customization
- ↳ Traditional Technology which had design limitations.
- ↳ More dependency on Developers on managing/updating data on the website
- ↳ No CMS
- ↳ No access to source code.

The Solutions

- ✓ Complete control of website & code.
- ✓ Unlimited Customization Capability
- ✓ Modern Design & latest Technology.
- ✓ CMS tool to manage data on the website without developers
- ✓ Dynamic content update from netsuite erp in real-time.
- ✓ Seamless Integration with Netsuite ERP including Products, Inventory, and Accounting.
- ✓ Minimal dependency on website developer hence low maintenance.
